

The 10th International Conference on Information Technology (InCIT 2026) invites researchers, academics, industry practitioners, and professionals from around the world to submit original research papers for presentation at the conference. InCIT 2026 serves as an international forum for the dissemination of advanced research and scholarly work in all areas related to information and communication technologies. The conference aims to promote interdisciplinary research and foster innovations that contribute to the development of intelligent technologies for the benefit of global society.

InCIT 2026 will be held in a hybrid format, allowing participants to join either onsite in Bangkok, Thailand, or online through a dedicated virtual platform. Bangkok, recognized as a regional hub of economy, technology, and culture, offers an excellent environment for academic networking, collaboration, and intellectual exchange.

#### Important Dates

Activities		Date
(1st round)	Paper Submissions Deadline	30 April 2026
	Notification of Acceptance	15 June 2026
(2nd round)	Paper Submissions Deadline	24 August 2026
	Notification of Acceptance	24 September 2026
Camera Ready Submission Deadline		16 May – 6 October 2026
Early Bird Registration		23 – 30 September 2026
Registration		1 – 6 October 2026
Conference Dates		12 – 14 November 2026

The topics of interest for the conference papers include, but are not limited to:

- ❖ Agricultural and Industrial Informatics
- ❖ Artificial Intelligence and Data Science
- ❖ Blockchain and Smart Contract
- ❖ Cloud and Grid Computing
- ❖ Computer Educational Technology
- ❖ Computer Networks and Communications
- ❖ Database and Information Retrieval
- ❖ Health and Bio Informatics
- ❖ Health, Wellness, and Bio informatics
- ❖ Human Computer Interaction and Affective Computing
- ❖ Image Processing and Computer Vision
- ❖ Information Forensics and Security
- ❖ Internet of Things and Embedded Systems
- ❖ IT Project and IT Service Management
- ❖ Knowledge and Data Management
- ❖ Machine Learning and Intelligent Systems
- ❖ Metaverse and Virtual Reality
- ❖ Natural Language Processing
- ❖ Ontology and Semantic Web
- ❖ Pervasive and Mobile Computing
- ❖ Quantum Computing and Algorithms
- ❖ Software Engineering and Software Development
- ❖ Sustainable Computing
